MAHER AFROSE EMA

Graphics & UI/UX Designer

Profile

I'm a creative Graphics & UI/UX Designer focused on clean, user-friendly designs and strong brand visuals. I aim to grow continuously, lead a creative team someday, and build a design studio that delivers impactful, user-centered solutions.

Work Experience

2021 – Present

TRY Solutions LLC
UI/UX ,Graphics Designer & Video Editor

- Designing social media posts for brand engagement (Canva, Photoshop)
- Creating marketing banners and promotional creatives
- Designing mobile app UI screens with user-friendly layouts (Figma, Adobe XD)
- Developing modern, responsive web UI designs (Figma, Adobe XD)
- Creating wireframes and prototypes to enhance user flow (Figma, Adobe XD)
- Editing short-form and promotional videos (CapCut, other video editing software)
- Ensuring brand consistency across all visual and digital content

2021 – 2022

HUBSDEAL USA Based (Remote)

- Designing social media creatives with Canva, Photoshop, and Illustrator
- Creating banners and promotional graphics
- Developing mobile app UI with Figma and Adobe XD
- Crafting responsive web UI designs
- Building wireframes and prototypes for smooth user experiences
- Ensuring consistent branding across all content

2021

King Soft Limited (Online Platform)

Graphics Designer Trainer

- Logo Design: Create a simple logo for a fictional brand using basic shapes and typography.
- Typography Challenge: Design a quote poster with two different font styles, focusing on contrast and readability.
- Color Palette: Choose a color palette and design a social media post with it.
- Photo Editing: Edit a raw photo to make it look more professional (adjust brightness, contrast, and saturation).
- Icon Design: Create a set of 5 icons for a mobile app using simple vector shapes.
- Banner Design: Design a banner for a website with a clear call to action.
- UI Button: Design a basic UI button with hover effects (using Illustrator or Figma).
- Business Card: Create a minimalist business card design with the brand's logo.
- Website Header: Design a header for a website that represents a modern brand.
- Mockup Presentation: Place a logo design on a product mockup (like a T-shirt or mug).

2020
